AGENDA

1. Welcome and Member Roll Call
2. Review and Approval of the Agenda
3. Review and Edit WisTech Program Mission Statement
4. Discuss federal program goals and required measures
5. Develop goals for the State Plan and possible measures for these goals
6. Review and Discuss WisTech budget for Federal Fiscal Year 2018
7. Discuss Current WisTech Grantees and Partners
8. Discuss Potential Partners and Collaborations
9. Discuss Referral Process for assistive technology and the WisTech Program
10. Review 2017 Training Survey Results and 2018 Training Survey
11. Public Comment on the State Plan for Assistive Technology

Section 4(d)(1) of the AT Act requires that state formula grantees submit an application to the Administration for Community Living (ACL) to receive a grant. ACL calls the application a State Plan for Assistive Technology (State Plan for AT). The State Plan for AT must be developed, prepared, and submitted with the state's Advisory Council by the Lead Agency (Wisconsin Department of Health Services) designated by the Governor to carry out the Statewide AT Program. The State AT Plan describes how the state will conduct its Statewide AT Program during the three year period covered by the plan. The plan is reviewed and approved by ACL to ensure it conforms to the requirements of the AT Act.

(Previous state plan is available at: <https://atc.wisconsin.gov/atcfiles/pdf/state-plan-2015.pdf>)

The purpose of this meeting is to conduct the governmental business outlined in the above agenda. The purpose of the Advisory Council is to provide advice and guidance to the WisTech Program and assure that it is in compliance with the provisions of the Assistive Technology Act (Tech Act) of 1998, as amended. Specifically, the Advisory Council will provide advice and guidance on the following:

F-01755 (10/2017)

<https://atc.wisconsin.gov/>

- Submission of Wisconsin's State Plan for Assistive Technology (AT) to the U.S. Department of Health and Human Services, Administration for Community Living (ACL);
- Monitoring the WisTech program according to the State Plan for AT;
- Developing and maintaining collaborations with other agencies, organizations, and bodies providing AT services and devices throughout the State; and
- Monitoring of program data and outcomes.
